As a reminder, your "blue" recycling bin is not a garbage, yard waste or hazardous/toxic waste container.

Regardless of heavy accumulations, breakdowns or inclement weather, your recycling bin will be collected, provided it was placed curbside by 7:00 a.m.

Please look for updated information about your recycling program in upcoming issues of the City newsletter.

For your convenience, we have listed the following important telephone numbers:

Waste Management of Florida, Inc.
(386) 673-0800

City of Ormond Beach
Environmental Systems
Solid Waste "Hotline"

"WELCOME"
TO
OUR CITY

RESIDENTS INFORMATION GUIDE

The Environmental Systems Management Division would like to "Welcome you" to the City of Ormond Beach. This guide is intended to inform you of the policies and procedures for solid waste, yard waste and recycling collections. The City prides itself on "Customer Satisfaction" with the services provided to you, as a resident of Ormond Beach.

Solid Waste Collection

The City of Ormond Beach is pleased to introduce Waste Management of Florida, Inc. as your solid waste, yard waste and recycling contract hauler.

Each residential home will receive solid waste collection twice (2x) per week. For your convenience we have circled those days on the back page.

Solid waste and recycling containers may be placed curbside after sundown the day before collection or by 7:00 a.m. the day of, and returned by sundown the day of. Solid waste and yard waste containers are the responsibility of the individual homeowner, and are to be constructed of metal or suitable plastic and not to exceed thirty-six 30 gallons in capacity and sixty 60 pounds when full.

All types of animal waste, sawdust, or ashes must be placed in non-returnable containers, i.e. bagged or boxed, to prevent exposure to collection personnel.

YARD WASTE COLLECTION

Is scheduled for WEDNESDAYs only. Please place yard waste separate from solid waste and recycling containers.

Yard waste consists of grass clippings, palm fronds, tree trimmings and any other vegetative matter.

FREE collection of yard waste, "created by the homeowner only", is limited to one (1) yard or less. A "yard" consists of a level loaded small pickup truck bed or a 4' x 8' sheet of plywood four (4) foot tall as a box. Any accumulations in excess of the one (1) yard allowance is subject to an Extraordinary Service Charge of $42.31 (include 1 yard) and $12.00 per additional yard thereafter.

Additional items collected curbside:
Used motor oil (limit 5 gal./yr.)
Vehicle batteries
Waste tires (limit 4/yr.)
Old appliances
These items will be collected on your second solid waste collection day.

RECYCLING PROGRAM

As a new resident, you will receive one (1) 18 gallon "blue" recycling bin. The following is a brief rundown of the currently collected recyclables:

NEWSPAPERS and their inserts placed on the bottom of your bin or in a brown paper grocery bag;

GLASS pourable food or beverage containers, including clear, brown or green in color, rinsed;

ALUMINUM CANS, which may be crushed to conserve space;

STEEL/TIN CANS including soup, vegetable, dog/cat food rinsed;

PLASTIC pourable food or beverage containers to include #1 (PET), #2 HDPE), and #3 (VINYL), rinsed

MAGAZINES of all types, i.e. Time, Newsweek, Star, Globe, National Enquirer and all types of catalogs;

TELEPHONE BOOKS placed in your bin throughout the year;

OCC (old corrugated cardboard) must be flattened, (2'x2' sq. with contents removed) include pizza, cereal, 12 pack cont. and may be placed in a brown paper grocery bag.
