Enviro-Camp '09

July 6 - August 6 - Five Separate Weeks

Enviro-Camp, designed for children ages 6 - 10, meets from 8:00am to 5pm Monday through Thursday. Our focus is on our surroundings and how we can become stewards of and help preserve and hopefully even improve our environment for generations to come. **BECAUSE OF CONSTRUCTION, CAMP WILL MEET AT OSCEOLA ELEMENTARY SCHOOL, 100 OSCEOLA AVENUE, ORMOND BEACH.**

Don't Bug Me!.....July 6 - 9

Let's start with a bunch of apple cores, a little soil and water and watch as they decompose in our miniature compost bins. What kinds of other creatures are present in our bin? We'll have to wait to see but by recycling your fruit and vegetable scraps, we can add nutrients to the soil so we can produce healthy crops without the use of harmful chemicals.

Paint it Green!.....July 13 - 16

You think that putting your trash out for pick up is the end of your problem? Think again! Learn just how long it takes for common trash items to disintegrate. By recycling, we can reduce some clutter. Guest speakers from the City of Ormond Beach will present children with fascinating facts and figures concerning trash. You'll think twice when throwing things away!

Wazz Up?.....July 20 - 23

Well, things that will be up this week are the lids of our solar ovens, an amazing solar balloon, our giant bubbles and even a sky rocket of Diet Coke. We'll experiment with a variety of safe common materials to see just what their reaction is.

I'm Hooked!.....July 27 - 30

This week, we're going fishing in the Halifax River, learning where our water comes from and where it goes, and other curious things about our water.

Our Ocean in Motion.....August 3 - 6

What is the connection between the ocean tides and the moon? Discover interesting facts about our sea turtles and other ocean dwellers. What impact does man have on the oceans? What impact does the ocean have on man?
