RE: General Employees' Pension Plan

Dear Kelly McGuire,

Another year has come around for me to sign the form to continue my retirement benefits. I am asking when do we get a raise on our retirement. It has been awhile for the retirees to have one and more than ever it is needed.

So where do we start this process? I hope by bringing this to your attention you would start the process in next year budget that we could have a raise.

You can let me know if there is anything else I can do by email at sharmalek0414@gmail.com. I look forward to your answer.

Sincerely,

Sharon Malek
