## Enviro Camp - Take Two!

Campers working on a craft project

“Where did the summer go?” That’s what staff has been asking this week. This was the final week of Enviro Camp. This week’s theme was “Take Two!” which represents a week of all the fun-filled activities that were done throughout the summer.

The week started off with a nature walk to Central Park where the group learned about

birds and played “The Bird Migration” game. Campers learned of the many obstacles that birds face during their yearly migrations to other parts of the country. They also dissected owl pellets and learned about the owl’s diet and how to identify the bones and remains.

Tuesday and Thursday campers focused on archery and finished with a friendly competition between archers. Groups were formed and the archers collected points for their team. Several STEM challenges filled the afternoon, and campers managed to squeeze in a “Can, Can Carnival” game. Everyone won with a special treat at the end of the day.

Wednesday was “Fishing Day” and every camper caught a fish this week! The total number caught was 67, with the summer record of 80 fish caught in one day! After the children returned from the Joyce Ebbets Pier, they celebrated EDC volunteer Mr. Bill’s birthday.

Finally, on Friday, campers celebrated the summer with a large water slide. Campers were excited to slide down the tropical inflatable into a pool of refreshing water, especially since this summer has been extremely hot!

All in all, the eight weeks were packed with environmental education, fishing, kayaking, archery, new friendships, and some good old –fashioned FUN!

# Pink Floyd/Led Zeppelin Tribute

Quadraphonic Surround Sound presented the Pink Floyd/Led Zeppelin Tribute at the Ormond Beach Performing Arts Center on Saturday, July 27.

The Florida based group of musicians played the concert in surround sound with video, special lighting, and a spectacular laser light show.

The rock and roll fans of Pink Floyd and Led Zeppelin that filled the house heard their favorite songs and witnessed the most technically complex show ever staged at the Performing Arts Center.

It was an unforgettable evening of entertainment.

## Weekly Police Stats

Calls for Service - 1,302   Arrests – 18  
Citations Issued - 180  
Reports Written - 122   Traffic Stops - 255
