

Notification of Street Closure

TO: All Agencies Concerned
FROM: City of Ormond Beach, Engineering Division
DATE: September 15TH, 2023

RE: Road Closure of University Cir

University Cir will be closed to traffic on September 20, 2003 from 7:00am to 5:00pm. This is to allow for FPL & Pike Electric to replace 2 broken power poles. During the road closure, residents will be unable to drive East of 162 University Cir. The contractor is reaching out to all residents on the street, and will coordinate with residents who will have limited access. Those whose access will be affected will need to park their cars West of the work zone before work starts. Safety personnel will be on-site to walk residents through the work zone to access their homes. Once work is complete the road will be opened and traffic will be permitted to resume.

If you have any questions regarding this closure, please contact the City of Ormond Beach Engineering Division at 386-676-3269.
